

Burnside Bulletin

Monday 6th April 2020

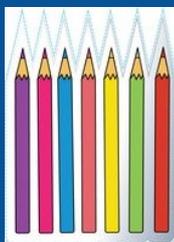

Happy Easter everyone!

A strange Easter holiday this year for everyone as you all settle in to being at home. I hope that you all take a rest from your school work and enjoy a well deserved rest after all of your home learning over the past two weeks!

Home Learning

Teachers are creating some brand new home learning for after Easter. There will be more information in the newsletter next week. Watch this space...

Free School Meal E-Vouchers

We have been working extremely hard to collect an up to date email address from all of you. Families eligible for Free School Meals should receive their first e-voucher in the week beginning Monday 20th April.

Safeguarding Update

This week the Safeguarding Update is about TicTok. I know that many of you are enjoying creating Tic Toc videos to share with friends at the moment but please talk through with a grown up how you are staying safe whilst using it. Please note that the recommended age for using this app is 12+

Keeping Fit

Whilst we are learning at home, it is important that we all remember that exercise is an important part of our physical and mental well being.

Remember to join in with Jo Wicks each morning for your daily exercise or how about a family fitness challenge?

Facebook

As I said last week, the response to our Facebook page has been overwhelming. I am pleased to say that we have reached 200 likes on our page! Please keep liking and sharing our posts to keep our school community together through these unprecedented times.

Read! Read! Read!

I know that you will have all been busy reading the books you took home from school. If you are finished those now, why don't you see which of your favourite books you can find being read aloud online? You Tube and the Oxford Owl website are great places to find books to enjoy! Reading is a great way to continue learning whilst you are staying safe at home!

Stay Safe Online

Remember that as our children begin accessing learning online more, the risk will be increase for their ability to access inappropriate APPs and content. A reminder to please regularly check your child's device in order to ensure they are continuing to stay safe online!

And finally...

I am thoroughly enjoying the pictures you are all sending to school and so are the other members of our school community — please keep them coming! Stay safe, stay inside and keep looking after each other. Remember to email me if you need any support at burnside@durhamlearning.net

Many thanks,
Mrs Charlton
